

FIRST! NISAN 5781 Highlights Embassy of Zion 3/14/21

=> **Welcome, and Finishing Well in ADAR** Joe Turck

Adar is the 12th month in the Hebrew Calendar. The word Adar means strength.

Purim is part of Adar - enter into His Plan and Timing for what he created us for. It's a time of celebration that the curse is overturned, for decree set against you to be broken. It's a month to overturn worry and despair, and enter into joy. And it's a month where your fear shall laugh! Victory! Celebration!

It's a month to develop warfare strategies against the antichrist spirit. It's a month to overcome giants that are in your life. The enemy wants you to end this month and season in fear so that's what enters you into the next month. But God wants Triumph and Joy to be what we enter into the next season with!

In Chuck's book A Time To Advance, he says that when we are in God's right timing we won't fall prey to the enemies tactics to interrupt us any longer! Being in God's Timing is part of the warfare strategy! It's part of the keys to how we overcome.

Adar is a month of realizing your spiritual identity! What's really amazing is that until I was reviewing this month again in preparation for this zoom, I had not thought about identity being associated with it. But I can tell you that multiple times throughout the month I was actually praying and asking God to show me my identity in Him and show me the way He sees me. I was doing this when I felt the enemy trying to come against me in my thoughts, my worries and my concerns.

So I have a personal testimony this month where I was asking for God to show me my identity in Him as away to overcome the enemy, and I didn't even remember that it was part of Adar. It shows you just how real and important God's timing is. Because even though I didn't remember it, God had me operating and walking in it this past month! God is faithful to guide us through His Holy Spirit if we are submitted to and aligned with His timing even when we don't always realize it.

Blessing: Father, I ask that you bless everyone on this zoom, and in the name of Jesus of Nazareth I bless every person on this zoom with overcoming joy, with triumph, and to be able to see their true identity the way you see them - not the way the world says they are, or the enemy or their own mind or flesh sees, but the way you see them. I bless us all with triumph and joy coming out of this 12 month season and into the new 12 month season, as we enter in to Passover later this month, and start this new cycle. I ask that old cycles would be broken, curses would be overturned, that there would be victory, and giants before us fall as we walk in victory and joy and in your image, in Jesus' name.

=> **Introduction to FIRST Nisan** Susie Zeigler

We are at a milestone today because we have celebrated First Fruits together on Zoom for a full 12 month cycle! We proclaim the fear of the Lord presides in our hearts and in this land. Let's decree that IDOLATRY is breaking off this territory! Idolatry is breaking off our lives! Jesus is FIRST! Jesus, you are the PREEMINENT ONE! FALSE WORSHIP is breaking off of our territory. JESUS IS FIRST, and we have NO other gods before You, in the Carolinas, in the 13 Colonies, and in this land! You are the One that gets our time and attention the most!

We are in the Month of Nisan, which is the month of JUDAH, the apostolic war tribe that knows how to move with sound. And Judah goes first. We are here together as one - unified in His presence - here in this Zoom room in the air. This sound rules in our atmosphere. We are also boots on the ground throughout this territory - covering a lot of land - where Yeshua is Lord!

=> Introduction of Robby Cummings, worship leader Susie Zeigler

Robby is a native of SC, lives in TN, and is a real gift to the Body of Christ. His music is a reflection of his heritage from the First nations of this land. He is Cherokee on his mother's side and Lumbee on his father's side. Anne and I feel a strong connection with Robby and we are honored for him to be with us to lead us in worship. We are going to be worshipping today in our homes throughout the territory, not just one place, as we celebrate Jesus in this FIRST celebration in the first of the months.

=> Robby Cummings leading worship; revelation and decrees throughout

Susie Zeigler: I'm seeing something as we worship which I have never seen before. Layers in the atmosphere and layers as in sand. I saw our lives as layers. God our Redeemer is the wind. I saw this gentle wind blowing through us, through the layers of our lives, and removing - effortlessly removing the sin, removing the iniquity, removing the impurities from our lives as we worship. This wind came through. Thank you God. You are our redeemer. There's nothing we can do to redeem ourselves. But you have paid full price. Blow through us, Lord. Let the wind of Your Spirit blow through us even as we worship you.

Susie Zeigler: We have some decrees we want to begin this year with, over our territory, speaking into the atmosphere what God says. What the Lord says is so. We join our faith and say yes, it is so, on earth as it is in heaven.

Julie Turck: Today we come together as Your Strike-force in our territory, we say by faith we are aligning with Heaven in all You want to birth through us. We are calling those things that aren't as if they are, and we will not just be Your eye gate but we will be Your mouth gate.

We say that the Joy extracted from Adar is propelling us into Nisan and the war ahead, and that You are preparing us for our next step, our next move. We say by Your grace, Apostolic

alignment, and our release of praise is what will carrying us to the next bar of that trapeze and that we will stay in Your timing. We declare that as Your Strike force that we will strike and strike and strike and strike where you have called us to until we see the victory and occupy the land. We say the sounds released out of our mouth will be faith-filled speech that will not just frame our month but the whole year ahead and we will speak with a new confidence and courage as we release. Lord, as we are yielding our ears and mouth to You, we say that we will speak miracles and then see miracles. We release our war cry and say Holy Spirit uncover that which the enemy would not want us to see. Uncover, reveal and let our promise be embraced. We say that all month long we will slay with grace as a new level of faith is birthed in us. Lord send to us, straight out of Heaven the war songs, the war dances, and the war decrees that we need to overcome this month. We choose to move with You.

We declare that in this decade of the war of the prophets, that we will contend for the bowls of revelation to be loosed over us and over our territory. Holy Spirit, as we all release the sound of Heaven from this Zoom Room we ask for the power of sound to unlock the prophetic bowls over our us and over our territory. May Your sound being released here right now bring an ordering into our feet, like a path being lit up before us, guiding us and leading us into the new. Right now, let our faith and sound unlock and pull in Your order over the Carolinas and the 13 colonies. We receive the angelic assistance to birth all the Lord intends, and declare the next move of God will come through our territory, filled with His authority, power and glory. It will come through our universities and colleges and schools! It will come through our communities and civil government! We declare this day that visible change has come upon us!

We declare and decree that in this first month of Nissan and this year of Aleph, meaning one or first that our mouth will align with the winds of Heaven and call our faith up. We declare an unlocking and a pulling in of the anointing of the Firsts in our territory. We announce today that we are aligned FIRST with the Lord. We announce an ordering for our territory with Israel, the First Nation people, and the five fold ministry. And out of that place we will step into true identity and the fullness of God original intent to come forth. We declare that we will not just operate in the double-portion anointing, but from this place of FIRST we will begin to operate in the anointing of Firsts that rests upon our territory, and we will succeed in what You have said.

So, right now as Your Warriors we come into agreement with Heaven and all the pregnant prophetic words hanging in our atmosphere to be loosed over us and to manifest. We say Carolinas are the Gate of the Nation! We say the Carolinas go first! We say that those dramatic shifts that need to take place in our economies will come forth, and that the ordering that is needed is now falling into place. First in breakthrough, First in awakening, First in revival, First in Harvest! We say let it be so! We say the veils of division and the veils of worship have no place in our land and the very sounds of our decrees and praises are dismantling those demon forces.

The demonic spirits of the last season are being put on notice today that the FIRST Sound, the first anointing, and the first decrees are be loosed before us this day, and we are going beyond and being prepared for our future, in Jesus' name!

Marion Graham: I have brought you from a trickle to a steady stream of blessing over this territory. You have learned to flow with me and speak my words over the land. Now I am taking you from a steady stream to a gusher - a double portion of blessing and a force with which to be reckoned. You have been built together to be a strategic force that can spot the enemy, hear my voice, and decree a thing that will stop evil and propel my desires forward.

I have called you the gateway of the nation, for your influence and your ability to open and shut my gate will be a prototype. As you continue to work as one, preferring one another, walking in humility, and walking together, you are projecting me, the triune God - Father, Son, and Holy Spirit. Nothing shall be impossible to you because it flows from My heart.

So get ready. This will be a year of expansion. This will be a year to see the strongman fall. This will be a year where you will be brought closer to my heart.

Here He comes, Here He comes! Attention troops of the Lord. He is coming with an intent that will not be diverted. He has come to make war. Stand up and prepare yourself, Army of God. He is ready for you. The church of Jesus Christ will stand up in this day. They will not be cut off or slowed down. Even though they have been wallowing in the swamp, they will stand up, filth will fall off, and they will be perfectly clothed and equipped to follow their Lord into battle. There will not be too few troops in the day of battle. But there will be enough to win the battle. They do not fight with their own strength or with their own strategy. But the plans will be in their mouths and in their hearts. The double edge sword will be in their hands. And they will win! I am laughing and you will be dancing for joy!

Frank Morley: Come Lord, Come. We have prepared this place, the Carolinas and the 13 Colonies for you. Let your gentle winds flow across the embers and reignite the fires within us so that we can be the strike force for you, in Jesus' name.

Anne Romanello: His mercy is here. We have gone up into this beautiful intimate place with the Lord, and ones are leading the way in warfare, and I sense that God's heart is for every single person here, that no one be left behind in this. Those on this Zoom, who even in this beautiful worship feels a separation from God - I want to pause here and say He wants to connect with you right now.

Repeat a few sentences of Psalm 103 with me. Right now the power of God is here to break through any barrier you personally feel, because this group is moving together as a whole, and we are not leaving anybody out of this.

PS 103 With my whole heart, with my whole life, and with my innermost being I bow in wonder and love before you, the holy God. Yahweh, you are my soul's celebration. How could I ever forget the miracles of kindness that you've done for me? You've kissed my heart with forgiveness in spite of all I've done.

So now Lord Jesus, we receive your love. You are taking your hand and touching each one that none be left behind in this moment of tenderness and power. The Lord is hovering here. We say

more love, more hover. Yes, God. In Jesus name, we cinch together this whole group. No one on the outside, everyone on the inside, in Jesus' name.

Susie Zeigler: We are crossing over together. I love that you said that Anne - I quoted that we are standing by to see the salvation of the Lord on our behalf, because I saw us crossing over the Red Sea, not as a mixed multitude, but as a unified body, and ekklesia coming through together.

Michael Pham: As Anne was reminding us his mercy and kindness are here, I want to decree over us that winter has passed and springtime has erupted. And hope is going to be our anchor as we move forward in Nisan. Hope with our eyes, where places have been a winter season, hope is arising and springtime is here. Love is going to propel us forward into being his heart in a harvest from that place as well. Springtime is here.

=> **Decrees from Dream Revelation**

Anne Romanello: The Lord has outdone himself again. Since we met last month in Adar, he has given dream after dream after dream, which are similar with the same theme. This is on his heart and he is underlining it for us.

Tara Morley sent a dream this month, and the message I got was that there is a set up for the Body of Christ. The enemy has a setup for domination and seduction. But the Lord has a set for us for the empowerment and fruitfulness of the Body of Christ. I believe that's what is before us in this new 12 month season. Let's pick the fruitfulness and empowerment, yes?

Now Tara's dream underscored and confirmed the 3-step message through 3 similar dreams sent by Julie Turck, Karen Williams, and Stephanie Belton. Those 3 dreams were stunning in their similarity! Two of them happened on the same night.

These dreams were showing God's heart for his people (way bigger than us) going through the stages of getting free from religion, moving from church to Kingdom. And I believe we all are an intercession for that, a demonstration for that. And we have the privilege of agreeing with God's heart for that and decreeing into this atmosphere in earth.

Julie, the prophet - decreeing the baby coming is JOY. God has a powerful and fruitful future for his Kingdom authority people! There is a joy set before God's people! Joe started out with that today - we want to go in joy, not fear.

In dreams 2 and 3 we see the BOC going through tests and trainings, getting free from the mean spirit of religion which is being exposed, and further getting free from spirits of domination and seduction. How? They came into a realization of weapons to win spiritual warfare. You see a person through three stages come into their identity of what God has for them.

I thank the Lord for giving these dreams, Now what do we do with it? It is precious revelation to stir faith. Now let's join in faith and intercede and decree in agreement with God's heart for His people in this territory.

I decree Life to the Body of Christ! The JOY of new sons and new daughters being added!

The FREEDOM of the people of God waking up and breaking free from the domination and seduction of the spirit of religion and idolatry!

The help and strength of the companions He sets along the Kingdom road as we grow from infancy to full stature! The protection from evil spirits of domination and seduction that want to take God's people for a ride.

And I decree this Embassy of Zion Troop is and shall be a help and strength and place of growth and challenge for people getting on God's fivefold Foundation for Fullness, no longer infants tossed about on waves of deceitfulness and deception.

Together, increasingly, we are a demonstration of the power of God to transform! Together we are a demonstration of the resurrection power of God to raise the BODY of Christ to life and wholeness.

I declare the JOY of the freedom of the Children of God in this territory, in Jesus' name!

[Stephanie Belton](#): I declare that spring has come, and we shall spring forth. I decree that we as EOZ will cultivate righteousness for the world, our Nation, our State, our Cities, our Regions, our Territories, our children, our families and our homes.

I decree we have entered into the rest in the finished work of the cross. I decree we have ceased from our own labors, our own will, our own rebellion, our offering of sacrifices to idols, our sexual immorality, and eating anything strangled or with any blood, as a Nation, as a people, and we enter into His Sabbath rest according to Hebrews 4.

I decree that the mercy of God will triumph over the spirit of rejection, or the spirit of isolation, over the spirit of heresy, and the spirit of divination.

I decree that grace is greater than our disqualifications and in spite of our imperfections we will continue to honor God and His Word. And His favor will rest on our lives, on America, on our families, on our ministries and on all Nations, forever.

I decree as God's desire has always been to gather His people into the house of prayer, that it shall happen in Earth as it is in Heaven through His daily bread and as He breathe on us. I decree it is of the Lord's mercies that we are not consumed, because His compassion fails not, his mercies are new every morning, and great is His faithfulness to us! Hallelujah!

=> [Decrees for Nisan](#)

Susie Zeigler: Our words have power. And when our words are God's words, we have authority to speak them into the atmosphere. This is a sample we do for this Zoom meeting, but it will be replicated - we will take it forth - all of you hear and speak the word of the Lord. It is our privilege and honor. Don't feel too small, because he is not small. When the Lord says it we decree it in the earth realm, and He will come. This is our commission. It is a joy to see what we say established in the earth realm. We are seeding he atmosphere for a harvest.

See this beautiful drawing Brenda Sheppard did this morning for Nisan.

Lord, we respond to Your invitation to ASK you, and to decree a thing and see You establish it! We declare our FAITH in You, this day. We believe in You, the Only True God. We are calling those things that aren't as if they ARE and we lay hold of Your prophetic word and PULL Your Kingdom and Your will into our territory.

Today on FIRST! for Nisan We are unified as Your Strike Force to make decrees over the PORTION that You have assigned to us! On this land that You have promised, we plant our feet, we lift up our voices and we join together in faith to Pass Over together into the NEW! We hear the call to go up! TODAY, we enter in a NEW WAY!

In this month of HEI - the Hebrew symbol of WIND, we agree with You, Lord, and embrace the new movement that is beginning, the wind that is blowing in the Carolinas! Your wind blowing through the Carolinas is going to change the course of how this nation operates.

We say to this nation, SHIFT into a NEW FLOW of God's Spirit!

Sensitize us, Holy Spirit, to Your change. We say in the battles ahead, we will lead this nation and change the course of how we go to war and how we TRIUMPH!

We decree from the Carolinas the JOYFUL SONG of this land! It goes forth across this nation to magnify You, Lord, to strengthen Your people, and to declare Your LIBERTY! We will experience Joy in the War Ahead!

BLOW, winds of Glory, Blow! We agree and we decree, in Yeshua's Name "The God wind will WIN!"

You are the Lord who sees the end from the beginning. Cause Your wind to enter everything in the Carolinas that says university or college. Change the voice of the universities, and let it come before national attention so that Your voice will be heard in this land!

We call in Your Wind, Lord, Your major wind to blow through the Carolinas and cause Your effect on every region of what is called America.

We say the Carolinas will rise up together, this entire region will move together with the wind of Your Spirit, and this movement will bring forth a school of the Spirit for a whole nation to be schooled in Your glory!

And we say, Lord, what Your wind blows down, what Your wind rearranges, what Your wind sets in a new order - we will see new life and resurrection! A rebuilding for Your Harvest come forth instead of what was blown down. China will marvel. Russia will be concerned. And the Koreas will open up as a wind tunnel - all in response to what You do here as you blow Your wind through the Carolinas.

We will see Visible Change! We will see Your glory! We will see it with our eyes: The God wind will win!

=> **Shofar, Closing Worship, Sending Us Forth**

Susie Zeigler: We've only just begun! TY Lord for this month of Nisan! TY for Your anointing of worship and praise that you have put on each one of us. We offer it back to you and say break open your worship in us. We are sent forth with joy and expectation, looking to you for the fruition of this harvest, the redemption of this month. What you begin, you will complete! At the first we give you our best and all our worship. We give you our hearts.

Jai Smith: Susie when you were talking about the layers I saw a picture of Jesus standing in a field, and as he walked past the wind blew and it separated the wheat from the chaff.

Susie Zeigler: Lord, we are letting you remove those things that are no longer needed so we can be fully yours.

You are invited all month to email us your Revelation and Decrees. We want to move with the timing of the Lord, month by month. Welcome to our next cycle of FIRST.

[Anne Romanello](#): Also, if you want to hear Robby's music all the time, go to RobbyCummings.com and buy his CD's.

Happy Nisan!

Addendum from Julie Turck: During worship I saw and sensed a few things. First I got the scripture from Jeremiah about fire being shut up in my bones. So as I looked it up I got more from the passage. *But his message becomes a fire burning in my heart, shut up in my bones. Jeremiah 20:9a CSB*

Continued reading the word, *"But the Lord is with me like a violent warrior. Therefore, my persecutors will stumble and not prevail. Since they have not succeeded, they will be utterly shamed, an everlasting humiliation that will never be forgotten. Lord of Armies, testing the righteous and seeing the heart and mind, let me see your vengeance on them, for I have presented my case to you. Sing to the Lord! Praise the Lord, for he rescues the life of the needy from evil people."* Jeremiah 20:11-13 CSB

Then I was seeing an opening over us during worship of colors and creativity swirling and being loosed.

As we sang to the Lord and praised Him I felt Holy Spirit was saying that He was igniting the fire that is burning in our bones and we will not longer be held back by shame or humiliation or things of the past but the Lord is making war on those things and there is a release of life and creativity over us. I felt it was a confirmation of what LeAnn released this morning from GZ on shutting the door on shame.

Lastly, it was about 6:10 pm and Holy Spirit said right now you are in the First Watch and reminded me of how part of that watch's focus is God covenant plan. I then was thinking how part of Nisan is God revealing His covenant plan to his people.

"The secret [of the sweet, satisfying companionship] of the Lord have they who fear (revere and worship) Him, and He will show them His covenant and reveal to them its [deep, inner] meaning. [John 7:17; 15:15.]" Psalm 25:14 AMPC

Holy Spirit was really emphasizing FIRST and the importance and blessing of this Zoom. Just us gathering to celebrate First - First of months, First sound, First decrees, and the First anointing and it all taking place in the 1st Watch. He was highlighting the FIRSTS and pleased with the celebration on this Zoom is the best I can describe. But I sensed great significance.

Addendum with the 3 dreams:

1. Julie Turck shared on ADAR FIRST. DREAM from 2/13/21

Setting: a traditional small American church. Pews on both sides and the pastor was up front facing the congregation. Joe and I were sitting in a pew at a church. About 3 rows back from the front on the left side, kinda in the middle.

The pastor was up front and we were making an announcement. Joe was making an announcing and he was very energetic and excited to make the announcement. He announced to the church that we named the baby "JOY"! Joe and I both were excited about this announcement, clapping! The people in the church were indifferent and not even excited like a person normally would be for announcing a birth. I could not contain myself and was clapping louder and louder and then yelled "Whoa!"

I woke up from the dream right after Joe said we named the baby "Joy." In the dream I was thinking of reasons why those around us didn't seem excited or understand how big of a deal it was. But JOY was the key and the baby's name.

After I got up that morning, I went and started reading my Bible. I had pulled out my Jewish Complete Bible this week and I am not familiar with it so when I opened my Bible, I was trying to see where I was because I wanted to return to John 10 and follow up from the day before. So when I looked to see where I opened up to, and my eyes landed on ISA 54:1: Sing, barren women who has never had a child! Burst into song, shout for joy!

2. Karen Williams dream revelation 2/15/21

Last night I dreamed of a very large theater/performance/arena space that seemingly thousands of African American Christians who were dressed in dark elaborate hats and long sweeping dark coats were trying to get into so they could attend some kind of performance that was about to take place. The place in the dream reminded me of a very large local African American church that was once a synagogue that is used for religious convocation services that are held by the traditional Pentecostal denomination I was once part of.

I dreamed that I was in the middle of a throng trying to move towards the doors that one could enter the theater to be seated. Suddenly, the dream turned and it appeared that everyone had entered into the doors to be seated and to wait for the performance to begin. However, I was in the venue hallway alone outside the doors. The doors were open and I could see the curtained stage through them but something in my spirit told me to not enter into the theater because I did not belong in it. I felt distinctly uncomfortable in the dream about the thought of even going into the theater and settling amongst the people. Something wasn't right. I even felt that what was about to take place in the theater was something I was not to be a part of. But my curiosity got the best of me and I went inside the theater and then even sat in a seat that was

to the side of the stage near the rooms rear for a moment. But I felt uncomfortable in my seat then got up to leave.

3. Stephanie Belton dream revelation 2/15/21

I woke up from a dream that started with me being in or attending a funeral or some type of church service of a well known preacher or an influential kingdom citizen. At least that is what I sensed in the dream. I walked in the vestibule of the church which it seemed familiar to be a pentecostal church back in Maryland.

As I walked through the church doors I went to sit on the back row and the ushers came over to me, prompting me to move up front to sit with the other special, I sensed the "important dignitaries", but I didn't want, however, after they kept motioning me to move up in front of a packed church service, I proceeded up the aisle and got halfway then I told one of the ushers I need to go to the bathroom. They pointed to the door I came in and gave me direction to where the bathrooms were located.

At this point, it felt like everything was so familiar even though I didn't know where the bathrooms were. So, I went out the door I came in, then the scenery became a short hallway with a large annex that appeared to be another empty sanctuary with empty pews and pulpit. As I began to walk down the short hallway on my way to the bathroom, which I didn't feel like I had to relieve myself, I just wanted to get away from going up front.

As I was walking looking into different rooms, I was met by a mid-age man wearing an usher uniform (black suit white shirt and white gloves and his hair was mixed with gray), but he looked young. Very polished in manners, well organized. It appeared like he was securing the area or guarding the area. He asked if he could help me and I told him I was looking for the bathroom. He told me to follow the hallway around to the other side and I would see the bathroom. As I walked the hallway, it wasn't as short as I thought, when I walked past the sanctuary I noticed everything in the church was made of brown panel wood, there were doors with glass window inserts and carpet on the floor. I continued to walk the hallway, some doors to other rooms were closed, then I came upon several older women huddled together talking. I remember thinking they must be the mothers of the church, senior missionaries.

The scene then changed to me being outside of the building, walking down the cement steps on the outside of the building to the sidewalk. When I got to the sidewalk/the ground the scene changed again. It was nighttime. Then a guy pulls up in front of me in a BMW. I think it was dark blue and asked if I need a ride. I shook my head not, and decline, then he asked "are you sure?" I looked around it was dark and no one else was around. I didn't feel afraid, then I said to him I'll drive.

As I was driving I didn't have control of the car. It was like the car was driving itself. I was so fascinated by the car being a BMW because I always wanted one, but couldn't afford one. At least that's what I was thinking in the dream while I was driving. The car began to pick up speed, it was going so fast and I remembered thinking these are curvy country roads the car is

going too fast, but I didn't put on brakes, the car was in control of itself, there were several "S" curves about 3, on this long country road. When the guy pulled up to me near the sidewalk we were in a city street scene, but the road changed to a country road as I started driving.

Then we hit a big puddle of mud and the car came to a stop in front of this old country grocery store. The guy got out of the car to go into the store asked me if I wanted something and I said no thanks. While the guy was in the store, this muddy leprechaun which looked like a short man creature came out of the mud and started jumping on the side windows and front windshield trying to get into the car. I locked the doors as soon as he hit the side windows. He just kept pounding on the windows with so much mud on him trying to get into the car.

I got so irritated and I was sick and tired of him banging on the windows that I got out of the car, chased him around the car a couple of times, when I got back around to the drivers side of the car I pulled this large stick (looked like baseball bat) from my side and I swung and hit that leprechaun so hard it knocked him over into the trees far away from me.

Then after all of that here comes the guy out of the store to the car, this time he gets in the back left side passenger's seat. I got in the driver's seat, turned around to ask, why did he get in the back seat? And to my surprise I saw Hugh Grant face smiling at me. Then I woke up. I had to google Hugh Grant to make sure it was the face I saw in the dream, I remembered he was in a movie I saw a long time ago with Sandra Bullock as his lawyer.
